

Eid Ul Fitr Salat at Australian International Islamic College 2009

The Australian International Islamic College (AIIC) was involved in two functions during the school holiday break.

We celebrated Eid-ul fitr at our College grounds on 20th September 2009. A huge crowd was present with some estimates suggesting in excess of 1000 people. Everyone offered their prayers and it was a beautiful sight when thousands of heads touched the ground in sijda. Our College grounds were once again filled with the sight of people embracing each other and putting aside any differences. The sound of laughter and merriment could clearly be heard on one of the most festive days of the Islamic calendar. After a month of fasting, everyone enjoyed a delicious brunch and sweets.

As many of you are aware, Eidfest was held at the Mount Gravatt Showgrounds on 26th of September 09. The College's presence was made explicit by virtue of our prominent stall amongst many others. By the throng of people that could be constantly seen in close proximity, it is clear that the College is prospering and has an auspicious future ahead. Hundreds of balloons printed with our College logo could be seen all over the ground. Eidfest provided a fantastic opportunity for the College to promote itself and we look forward to receiving many enquiries about new enrolments.
