

# HOLLAND PARK MOSQUE PURCHASES CHURCH

Holland Park Mosque, in Brisbane, has secured the purchase of the property next door, a total of 1800 square metres which includes a car park, double storey hall, double story church and a double storey house. The church has been secured for a total cost of \$2 million to be paid by the end of this year.

The benefits and future possibilities that this property offers the Muslims are numerous. It is obvious that the Muslim community in Brisbane is growing rapidly. The Holland Park Mosque has reached its limit on extensions and as a result, the apparent alternative would be to buy this property as soon as possible. In addition, the church is ready to use in order to accommodate the increase in Musallias from the Mosque and will also be used for our Madrassah classes. Parking issues which have been an ongoing issue for our Masjid will also be deviated through the purchase of this property. Future running costs will not be an issue as the double storey house can be rented out and used.

Holland Park Mosque was established in 1908 and since then, it has undergone various renovations. It has now reached its limit and needs more land. This is a golden opportunity for us to buy the property and secure it for future generations.
