

INFINITE LIGHT

SYMPOSIUM 2013

Knowledge and Wisdom

Fourteen centuries ago, a Shining Lamp (Misbāh) of knowledge and wisdom emerged out of the barren desert of Arabia. He was to become the final Messenger of God in the primordial religion of Islam – belief and devotion to one God. The teachings expressed through him would transform Bedouins into teachers of mankind and end the ancient era ushering the era of knowledge. QECF Australia takes pleasure in inviting you to discover the intellectual aspects and legacy of the Prophet Muhammad^{PBUH} and how it still inspires and guides millions around the globe.
