

Janet Hussein

Science Training

Editorial services and training on writing techniques
offered for your reports, papers or thesis

Need help with Writing?

Is your supervisor/lecturer too busy to spend time helping you? I offer a "Shorter, Quicker, Better" training session on how to write your thesis or scientific paper. Charges are based on hourly rates. Contact [me](#) for a quote.

Need help with Editing?

With this service, I can help you improve your written work prior to submission by offering a great copy editing service for:

- assignments,
- reports (e.g. grant report),
- academic papers, or
- a thesis.

Copy editing checks grammar, punctuation, references and spelling and advises on the style, layout, flow and consistency of the project to improve readability. This editing is done to University guidelines.

Charges are based on the number of words and expected turnaround time. The 2014 prices below (Aus\$)* are inclusive of GST.

For Griffith students or staff that require editing of >5000 words, a free half hour consultation is offered on Nathan campus, once the job has been confirmed. Good discounts offered for longer turnaround times or edits without critique.

2014 Price list (Aus\$)

Word Count**	48 hour turnaround	24 hour turnaround
1-500	\$40	\$60
501-1000	\$50	\$75
1001-1500	\$75	\$100
1501-2000	\$95	\$125
>2001	Obtain a quotation	

*For busy editing periods, acceptance of work cannot be guaranteed

** Reference lists are not included in your word count
