

## Graduating Class of 2018

There is nothing more rewarding to me than having the opportunity to watch all of you learn and grow over the last few years. I am so proud to be a part of this journey and I can proudly say this because I have taught all of you lovely students since Year 2. You all are so amazing with the biggest hearts and the greatest responsibilities. If there is one piece of advice I could super-glue to every Year 6 so that it was front and centre of your thinking for high school life, it would be to protect your good name and reputation. It is a slow process to build your reputation up, but it can be lost in a moment. I therefore urge you to be constantly be aware of your own dignity and precious individuality.

In looking forward - harness your anxious excitement and forge your own future; take some risks; look over the horizon and don't be afraid of life outside school. Hold close your school time memories and friends. You are the graduating class of 2018, you can now go forth with confidence – You have done it – the AIIC City Campus way.

Your future is so bright and you can do anything you set your mind to. All of you will hold a special place in my heart. Thank you for putting a smile on my face every day.

I am so proud of all of you.

B.Kumar  
Year 6 Teacher
