

Multicultural Advisor, Community Care - Sunshine Coast

Are you a passionate educator or community worker?

Do you like the adventure of travelling?

Would you like to work in a multicultural organisation?

Are you knowledgeable about community care?

Are you bicultural and/or bilingual?

Then you want to work with us and we want you.

Diversicare's information and education service has a position available based on the Sunshine Coast

You will report to the Manager, Special Projects and work with an experienced multicultural team.

You will build and develop relationships with Home and Community Care service providers and people from culturally and linguistically diverse backgrounds.

You will provide cross-cultural training workshops to service providers.

You will develop and deliver information and resources to services and service users

You will provide information seminars to cultural community groups.

You will be experienced in community work and training and can effectively manage your time and workload.

A tertiary qualification in Human Services, Education or Health promotion, and experience in adult or community education is required. The position also requires travel. You must hold an open Queensland driver's licence and have the ability to meet the requirements of a current police check.

Applications for this position **close on 30th September 2011.**

Diversicare provides attractive salary packaging and professional development opportunities.
