December 31 2015

It is a foggy and snowy morning in the big city of NY, Detective Tanner and Jones are driving in their black Ford sedan, "Another day in NY", said Jones, sounding bored "don't worry" "something will happen, besides, this is one of the most crime ridden city in the states". Tanner said trying to cheer Jones.

The radio said desperately "**PRISON ESCAPE, JERICO HAS ESCAPED CUSTODY!!**" "we're on our way" said Tanner. "Finally" Jones said in a relieved voice, they chased Jericho while he was on a truck. 20 minutes later Jericho lead Tanner and Jones to an alley. Tanner or Jones couldn't see Jericho.

Suddenly Jericho appeared on Tanner's rear view mirrors, Jericho was pushing Tanner's car, when they were pushed there was a main road in front, Jericho pushed them on the main road, in a split second, a bus crashed on Tanner's side of the car, before Tanner passed out he heard a faint voice "don't do this to me".

After recovering, Tanner came out of hospital, now Jericho was gone, Tanner walked to his car with Jones. 2 hours later, a call came in "we have a 10-53 of a person named Sarah Allen, she managed to call us on her cell phone"

"a kidnapping" said Jones "patch her through" said Tanner. "hello" said Sarah "I'm near city hall in a trunk of a car"

"okay!" said Tanner

"the sound has changed into.....police sirens?" Sarah said

"there has been no calls so..... you're at St. Giles hospital" Tanner replied. Tanner and Jones drove to St. Giles, there was a white car parked in an alley

Tanner and Jones opened the trunk of the car. Sarah said "who are you?"

"We're detectives" Jones replied, they drove her to the police station, during the drive Tanner asked Sarah questions,

"Who put you in the car?" asked Tanner.

"A knife welding woman" "she drove off in a white European sports car" " She was also speaking a foreign language.... Maybe Middle Eastern.

"what line of work are you in?" said Tanner

"I'm an industrial chemist" Sarah replied.

Tanner and Jones were determined to find the mystery kidnapper who was working for Jericho, the kidnapper could be linked to Jericho's plans. And the search continues.....
