

PETITION TO SAVE THORNLIE MASJID

We, the undersigned, would like to express our support for the continued operation of the Prayer Facilities at the AIC Thornlie (17 Tonbridge Way, Thornlie).

The service has been, and continues to be a central part of the Muslim Community in and around the City of Gosnells for nearly 20 years and any proposal to close this facility will deprive the community of a critical social service.

We understand and fully support all measures by the relevant parties to discuss alternative arrangements including limitation of use of the facility to the public to match the requirements of Council.

We strongly urge council to refuse any proposal to close the facility.
