### **Details:**

Conducted by Imam Afroz Ali at the Al-Ghazzali Centre in Sydney and telecast LIVE to Brisbane, this is A FREE program focusing on reflecting on and understanding the verses of the Qur'an through the Science of Tafsir and based on the great commentaries on the Holy Qur'an, this continuing course (second Saturday of each month), is an excellent program to reconnect to the Divine Revelation- the Holy Qur'an.

The program is suitable for all- seekers of Sacred Knowledge, new Muslims as well as people of other Faiths seeking to properly understand Islam and its Message.

Commencing with The Opening (Al-Fatiha), based on ibn 'Ajiba's Treatise, Tafsir al-Fatiha al-Kabir, the program will draw primarily from his corpus work, Al-Bahr al-Madid (The Immense Ocean) for the remainder of the Chapters of the Qur'an. Al-Bahr al-Madid is the only traditional Qur'anic commentary in existence which gives both outward meanings as well as the spiritual significance for each verse of the Sacred Book.
