Greetings on 1442 Hijri New Year

Assalamu alaikum.

Greetings of Hijri New Year 1442 on the first day of the first Islamic Month, Muharram which coincided with 20 August 2020.

The Hijri (Islamic) year is related to the migration of Prophet Muhammad (SWS) from oppression (in Makkah) to freedom (in Medina) - moving to light leaving behind darkness. Islamic month is not named after any person, rather it marks migration (hijrat), an event that changed the history of the world. In the spirit of Muhammad SWS' migration from darkness, the Muslims all over the world now migrate from (give up) sins and evil to embrace goodness and piety.

Fasting on the 10th of Muharram is highly recommended and adopted by Muhammad (SWS) from the practice of Moses (AS), may Allah be pleased with both of them, but differentiated from the practice of Jews by fasting a day before and after the Ashura.

May Allah keep everyone safe (including covid-19), healthy and happy, and bless with peace and prosperity in this year and beyond.

Happy and Blessed New Year: 1442 Hijri

Congratulation! We are now in the first month, Muharram, of the Islamic *Hijri* New Year 1442. May Allah (SWT) make this year full of blessings, peace, kindness, healing and happiness in the life of individuals and in the life of the *Ummah*. May He grant us unity and keep us together in His causes. *Aameen*.

We need to take this occasion to call ourselves to an account of the year just left, 1441 H. We sincerely and humbly thank Allah (SWT) for our achievements and good works. We also must learn from our mistakes and shortfalls and commit to a more devoted-to-Allah-lifestyle in this year and in the years to come. We also forget and forgive each other's mistakes and

shortcomings. May Allah forgive us and grant us a prosperous life in Here and in the Hereafter. *Aameen*.

The applicant argued the COVID-19 pandemic had delayed progress on the works by three to four months, while fundraising efforts had also struggled, and requested for three year extension in view of the uncertainty about fundraising during the pandemic. The Council approved an extension by two years.

Carpet selection for Mosque

Dr Tarek Omar, a former President of Islamic Society of Toowoomba, and currently based in Abu Dhabi is working with an overseas manufacturer of best quality Mosque carpet to get high quality carpet for the Garden City Mosque. A highly respected local doctor has offered to donate all the cost of carpet, including installation, as part of his family charity. From many different designs and colours the donor has selected the design of the carpet very similar to that in the famous **Blue Mosque** (Sultan Ahmed Mosque) in Istanbul with a slight modification. This Mosque is a tourist attraction and was built in around 1611.

Donation of chandelier and wall lights

A family in Toowoomba has indicated to make a custom-made chandelier to donate to the Mosque. They will be working with an overseas factory to fabricate the chandelier and bring it to Australia when ready.

A local business has donated 4 wall lights to the new Mosque building.

New Grass and Benches

Br Mohamed Abdalkareem and his team are now working for growing grass on the front yard of the Mosque. The yard is already looking much greener now. After the burning of the main Mosque building in 2015, the lawn care was not a priority until now. But as per the approved plan of Toowoomba Regional Council the new Mosque premises will require professional landscaping.

Br Rashid Mohamed has donated a number of beautiful benches for the community to sit and enjoy free time in the Mosque yard. A big thank you to Br Mohamed and Br Rashid.

Children Arabic Lessons: At Masjid and Online

Monday, Tuesday, Wednesday and Thursday, Children are learning Arabic language and fundamental Islamic knowledge through both options: Online and face-to-face sessions. A good number of Children are attending at Masjid during learning sessions. However, the many families still prefer online option of learning. Families can combine between options. So if they cannot bring their children at masjid, they have still the option to learn online. We have been using Zoom ID: 379 889 2083. The sessions now run on weekdays (Monday, Tuesday, Wednesday and Thursday) from 5:30pm till 7:30pm. The overall progress and outcome of having two different options of learning is very promising and satisfactory. During August 2020,

2 students were promoted to Qur'aan reading level. We hope to get another 3 students get Qur'aan in September inshaaAllah. Parents are encouraged to accompany their children during the online lesson. This boosts learning capacity of the pupils and helps overcome communication limitations due to network issue. Please feel free to contact Imam if they need more information in this regard. Suggestions and feedbacks are always welcome.

Eidul Adha

This year Eidul Adha was celebrated in Toowoomba on Friday 31 August as per the announcement of the Grand Mufti of Australia. This was a very non-traditional Eid because of the covid-19 pandemic.

The Qurbani (sacrifice of animal) for the community was coordinated by Br Mohamed Abdalkareem and organised by AlMedina Meat, Inala Plaza, Brisbane. The meat was processed and delivered to Toowoomba Mosque on Saturday. This was a very well organised community service from the Islamic Society of Toowoomba and everyone was very happy with the management and timely delivery of meat.

Imam Abdul Kader organised to collect share of meat for the community at the Mosque and distributed to the relevant members of the community to enjoy the celebration.

Financial and emotional support for the people of Lebanon from everyone of you are highly appreciated. May Allah accept the dead ones as martyrs, and protect and heal everyone alive and help them to return to normal life soon. Let us seek refuge from His wrath and anger, and beg for His mercy and compassion for His creation.

Muharram and 'Ashuraa: Lessons to learn

Muharram is the first month in the Islamic Arabic calendar named Hijri calendar. The month has been defined by the Prophet Mohammad (SAWS) as the "month of Allah". This signifies its importance along with its position in the group of 4 sacred months in Islam. Hence, the Prophet (SAWS) recommended us to fast the most after the obligatory fasting month of Ramadan. During Muharram, deeds of piety and righteousness carry greater rewards. Equally, the sins are to be heavier in the scale during this sacred month. This requires ongoing sincere and cautious approach in words and actions during this month and beyond.

A very special and great day in Muharram is the 10th day, which is known as the Day of 'Ashura. Historically, it's a special and unique day like no other that connects many of Allah's (SWT) Prophets (AS) in their struggle against tyranny and oppression. According to the *Musnad* of Imam Ahmad, it was 'Ashura when Prophet Nuh (AS) and his followers were rescued. The Ark of the believers safely got onto the mount of 'Jodi' and was saved from the flood. According to *Sahih* of Imam Bukhari and Imam Muslim, in the day of 'Ashura, Prophet Musa (AS) and his followers were saved from the tyrant Pharaoh and his people. Pharaoh along with his soldiers were dipped into the water till death. The list goes on. The most significant later event is the achievement of the honour of Martyrdom by *Sayyidina Imam Hussain (RA)* following his utmost struggle against the injustice and tyranny of Yazid and his alliance.

Every year, 'Ashura comes back to remind us that the struggle between *Haqq* Truth and *Batil* Falshood, between *Madhlum* oppressed and *Dhalim* Tyrant is of ongoing nature which never ends. All believers must stand firm on truth. They must offer their maximum to stop the oppressor and to put the oppression at end. This is because Allah (SWT) is the Truth and He stands with the oppressed.

Another important lesson of 'Ashura is that through Prophet Muhammad (SAWS) we Muslims are closer to Musa (AS) and to all other Prophets than their closeness to their followers. This is obvious in the saying of Prophet Muhammad (SAWS) to the Jew of Madinah: "I am closer to

Musa than you are". Hence, our Prophet (SAWS) made fasting on 'Ashura compulsory on Muslims following the tradition of Prophet Musa (AS). Later on, our Prophet wanted to fast another day along with the 10th of Muharram. This is a demonstration that all Prophets are brothers; their messages are common and same albeit their mothers are different.
