Our Health

Our Food

Our Bodies

Stay away from smoke!

If you see someone smoking, try to stay away from them. This is because when you breathe in cigarette smoke, bad chemicals in the smoke can hurt your eyes, nose, throat and lungs and can make you cough.

Cigarette smoke can also cause a lot of serious problems in your body. You should encourage anyone who smokes to try to quit but in the meantime, ask them to never smoke around you or anyone else, especially other children... because you have a right to live in a healthy home & environment!

Zaky's Tip: Never raise your voice at your parents.

Fish For Thought

Did you know that fish is low in fat, high in protein and an excellent source of Omega 3 fatty acids? Eating fish regularly (one or two serves a week) may reduce the risk of getting some diseases and keeps your body feeling great. The Omega 3 fatty acids found in fish helps you have healthy eyes, a strong heart, maintain a good blood sugar level & increases alertness in your brain.

Fish with high mercury levels should be avoided though, especially if you are less than six years old. The best way to cook fish is baked, poached, grilled or steamed. Enjoy!

Zaky's Tip: Vegetables are a great side dish.

Germ...

Most germs are spread through the air when someone sneezes, coughs, or even from their breaths. Germs can also spread in sweat, saliva, and blood. Some germs pass from person to person by touching something that is contaminated, like shaking hands with someone who has a cold and then touching your own nose. You should wash your hands regularly (for at least 15 seconds) but especially:

- after using the bathroom
- after blowing your nose
- after coughing
- after playing outside
- before eating anything
- when you wake up from sleep

Zaky's Tip: Always wash fruit before you eat them.

Hajj with Zaky

Hajj, the pilgrimage to Makkah, is performed once in a lifetime if you are healthy and can afford it. Muhammad (pbuh) went on Hajj only once! I hope all those going on Hajj this year have a wonderful, rewarding experience and return home safely inshallah.

Zaky's advice on Hajj

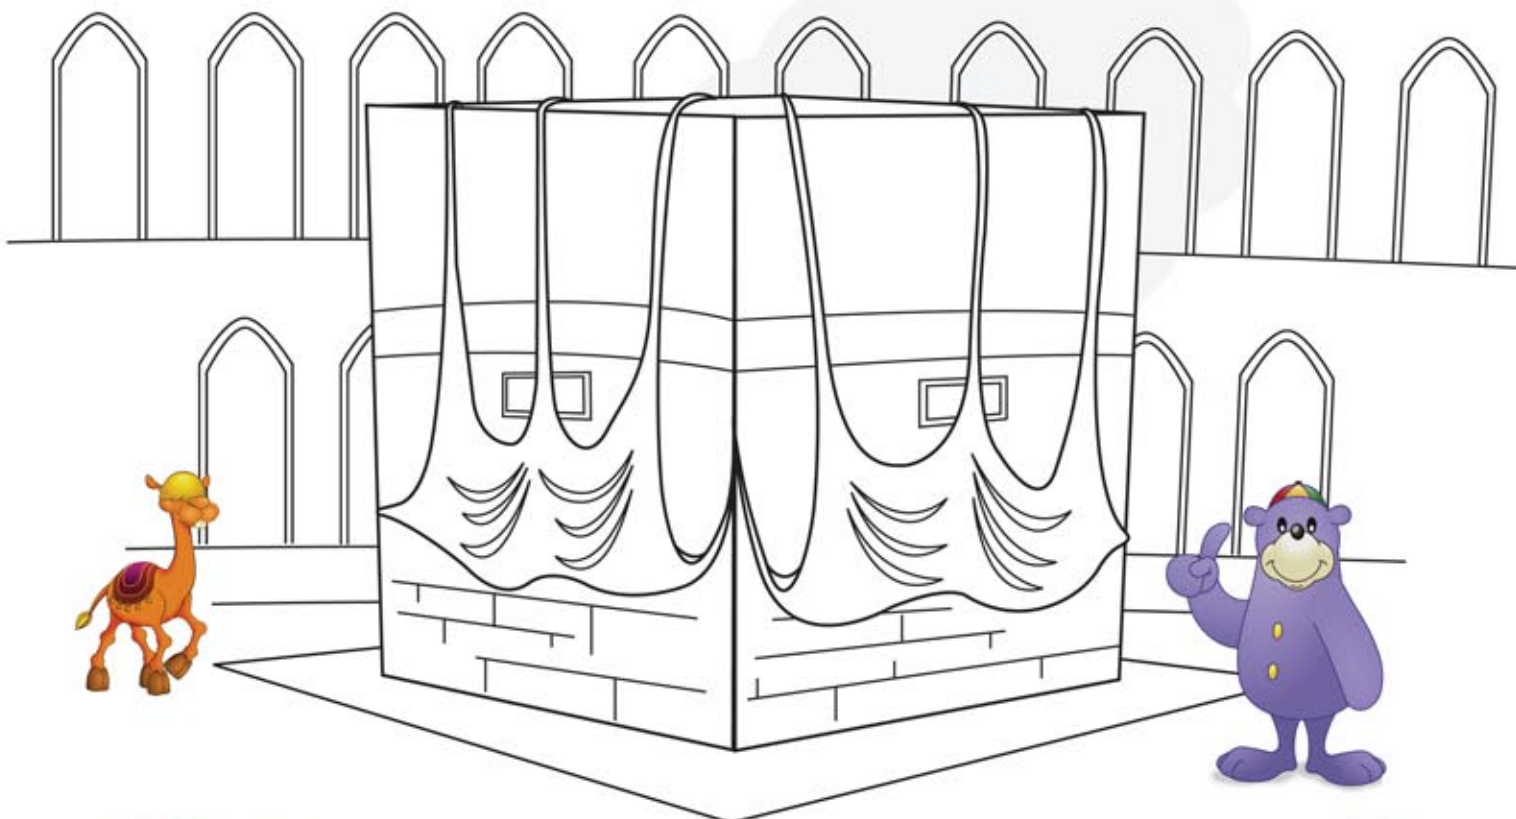

- 1- Be very patient at all times.
- 2- Assist the elders and give them way.
- 3- Try to smell nice and clean at all times.
- 4- Cover your mouth if you sneeze or cough.
- 5- Smile & greet others with 'Assalamu Alaykum'.
- 6- Drink lots of yummy Zamzam water.
- 7- Again be **VERY PATIENT** at all times.
- 8- Love for others what you love for yourself.
- 9- Avoid using foul language or getting angry.
- 10- Try doing all the above at all times.
